

FAST. SIMPLE. SAFE.

According to CMS guidelines, Healthcare Emergency Preparedness Plans should include preparation for emerging infectious disease threats like Influenza, Ebola, Zika Virus, and others.

Have the proper PPE measures in place for your all-hazards plan. With pre-packaged personal protective clothing from DQE, you'll be prepared with fast and convenient protection at a moment's notice.

STATPAQ®

StatPaq (HM4911)

Grab-and-go standard precautions protection kits. Each StatPaq consists of: a fluid-resistant gown, nitrile exam gloves, N95 mask, and safety glasses.

SAFEPAQ®

BLOOD AND VIRUS PROTECTION

SafePaq (HM5911)

Blood and virus personal protection kits. Each SafePaq includes: a blood and fluid resistant coverall, 5 mil nitrile exam gloves, 8 mil extended cuff nitrile exam gloves, apron, overboots, and germicidal wipes. Does not include head protection for users who plan to wear a PAPR for respirator protection.

SAFEPAQ® PLUS

BLOOD AND VIRUS PROTECTION

SafePaq Plus (HM5912)

Blood and virus personal protection kits that include everything contained in a SafePaq plus with the added protection of a face shield, N95 mask and hood.

Visit www.dqeready.com/InfectionControl for more information on DQE's line of infection control PPE products.
